Mineral Resources Regulations 2016 (2016/41 amended by 2018/20)

[Subject to repeal by the *Subordinate Legislation Act 1992* on 22 June 2026]

General notes:

This Act was applied by the *Regional Forest Agreement (Land Classification) Act 1998* to certain forest reserves (s. 8(5) and Sched. 4) and reaffirmed as applying to certain conservation areas, nature recreation areas and regional reserves (s. 25 and Schedules 9, 10 and 11).

Subsequently, the *Forest Management Act 2013* declared those reserves as regional reserves or conservation areas within the meaning of the *Nature Conservation Act 2002*.

Savings notes:

Land or minerals exempted under the *Mining Act 1929* are exempted transitionally under this Act by s. 207 and Schedule 2 (clause 5) from the provisions of this Act until an order is made under s. 5(4).

This Act applies, by virtue of transitional provision s. 207 and Schedule 2 (clause 6), to public reserves declared under the *Mining Act 1929* to have that Act applied to them.

Landslip areas declared under section 36 of the *Local Government (Building and Miscellaneous Provisions) Act 1993* are taken to be landslip areas under section 161B of this Act by section 6 of the *Mineral Resources Development Amendment (New Landslip Zoning Arrangements) Act 2003*.

Sched. 3 (items 5 and 9) of the *Building Act 2000* continued the landslip areas declared under Pt. 2 of the *Local Government (Building and Miscellaneous Provisions) Act 1993*. S. 29 of the *Local Government (Savings and Transitional) Act 1993* continued areas declared as landslip areas under the *Local Government Act 1962* to be in force under the *Local Government (Building and Miscellaneous Provisions) Act 1993*.
