- (c) the holder of an owner-operator taxi licence;
- (d) the holder of a wheelchair-accessible taxi licence;
- (e) the holder of a temporary taxi licence.

Penalty: Fine not exceeding 5 penalty units.

10. Suspension of owner-operator taxi licences

For the purposes of section 36(1) of the Act, the prescribed circumstances in which the Commission may suspend an owner-operator taxi licence are as follows:

- (a) if the holder of the licence fails to comply with a condition of the licence;
- (b) if the holder of the licence has failed to supply, within the period specified in a notice given to the holder of the licence under section 97 of the Act, the information he or she is required by the notice to supply;
- (c) if the Commission has suspended the accreditation of the holder of the licence under the *Passenger Transport Services Act 2011*;
- (d) if the holder of the licence is found guilty of an offence under section 95 of the Act.

11. Cancellation of owner-operator taxi licences

For the purposes of section 36(1) of the Act, the prescribed circumstances in which the Commission may cancel an owner-operator taxi licence are as follows:

- (a) if the holder of the licence fails to comply with a condition of the licence;
- (b) if the holder of the licence has failed to supply, within 90 days after the expiry of the period specified in a notice given to the holder of the licence under section 97 of the Act, the information he or she is required by the notice to supply;
- (c) if the holder of the licence has fees owing to the Commission, in respect of the licence, that have been due for a period greater than 12 months;
- (d) if the holder of the licence is found guilty of an offence under section 95 of the Act.

12. Suspension of wheelchair-accessible taxi licences

For the purposes of section 55(1) of the Act, the prescribed circumstances in which the Commission may suspend a wheelchair-accessible taxi licence are as follows:

- (a) if the holder of the licence fails to comply with a condition of the licence;
- (b) if the holder of the licence has failed to supply, within the period specified in a

notice given to the holder of the licence under section 97 of the Act, the information he or she is required by the notice to supply;

- (c) if the vehicle to which the licence applies ceases to be registered;
- (d) if the vehicle to which the licence applies ceases to comply with the requirements, under the Act, for a wheelchair-accessible taxi, remote area wheelchair-accessible taxi or substitute wheelchair-accessible taxi;
- (e) if the Commission has suspended the accreditation of the holder of the licence under the *Passenger Transport Services Act 2011*;
- (f) if the holder of the licence is found guilty of an offence under section 95 of the Act.

13. Cancellation of wheelchair-accessible taxi licences

For the purposes of section 55(1) of the Act, the prescribed circumstances in which the Commission may cancel a wheelchair-accessible taxi licence are as follows:

- (a) if the holder of the licence fails to comply with a condition of the licence;

r. 13

- (i) if the holder of the licence is found guilty of an offence under section 95 of the Act.

PART 3 – TAXI VEHICLES AND EQUIPMENT

Division 1 – Vehicles

14. Vehicles suitable for use as taxi – generally

For the purposes of section 24(4) of the Act, a vehicle is suitable for use as a taxi if –

- (a) the vehicle has installed in it all of the equipment required under the Act to be installed in a taxi operating in the taxi area in which the vehicle is operating, or intending to operate, as a taxi; and
- (b) the vehicle is recorded in the Register of Motor Vehicles as a taxi; and
- (c) the premium that is paid in respect of the vehicle is the premium payable under the *Motor Accidents (Liabilities and Compensation) Act 1973* for the class of vehicles used or intended to be used as a taxi; and
- (d) the vehicle has a current inspection report; and
- (e) in the case of a taxi, other than a wheelchair-accessible taxi, a substitute wheelchair-accessible taxi or a remote area wheelchair-accessible taxi –
 - (i) the vehicle complies with the vehicle specifications set out in Schedule 1; and

- (ii) the vehicle complies with the vehicle age requirements set out in regulation 16.

15. Vehicles suitable for use as taxi – vehicle specifications

- (1) The responsible operator of a taxi licence must ensure that the vehicle that is being operated as a taxi under the authority of the licence complies with the vehicle specifications set out in Schedule 1.

Penalty: Fine not exceeding 10 penalty units.

- (2) Subregulation (1) does not apply to a wheelchair-accessible taxi, remote area wheelchair-accessible taxi or substitute wheelchair-accessible taxi.

- (3) The responsible operator of a taxi licence must ensure that a vehicle that is being operated as one of the following forms of taxi under the authority of the licence complies with the criteria set out in Schedule 1 to the Act for the relevant form of taxi:

- (a) a wheelchair-accessible taxi;
- (b) a remote area wheelchair-accessible taxi;
- (c) a substitute wheelchair-accessible taxi.

Penalty: Fine not exceeding 10 penalty units.

15A. Vehicles suitable for use as taxi – ANCAP rating

- (1) The responsible operator of a taxi licence must ensure that the vehicle that is being operated as a taxi under the authority of the licence has an Australasian New Car Assessment Program (ANCAP) rating of 5 stars.

Penalty: Fine not exceeding 20 penalty units.

- (2) Subregulation (1) does not apply in respect of –
- (a) a vehicle that, on 30 December 2020, was being, or had previously been, operated as a taxi; or
 - (b) a wheelchair-accessible taxi.

16. Vehicles suitable for use as taxi – vehicle age

- (1) This regulation does not apply to a wheelchair-accessible taxi, remote area wheelchair-accessible taxi or substitute wheelchair-accessible taxi.

- (2) The responsible operator of a taxi licence must ensure that a vehicle intended to be operated as a taxi under the authority of the licence is not operated as a taxi for the first time if the vehicle is more than 7 years old.

Penalty: Fine not exceeding 20 penalty units.

- (3) Subregulation (2) does not apply to a vehicle if –
- (a) immediately before the first use of the vehicle as a taxi, the vehicle was used as

a luxury hire car under the authority of a luxury hire car licence; and

(b) the vehicle does not exceed the applicable age restriction specified in subregulation (4).

(4) The responsible operator of a taxi licence must ensure that a vehicle is not operated as a taxi under the authority of the licence if the vehicle is more than 12 years old.

Penalty: Fine not exceeding 20 penalty units.

17. Vehicles suitable for use as wheelchair-accessible taxi – vehicle age

The responsible operator of a wheelchair-accessible taxi licence must ensure that a vehicle is not operated, under the authority of the licence, as a wheelchair-accessible taxi, remote area wheelchair-accessible taxi or substitute wheelchair-accessible taxi if the vehicle is more than 12 years old.

Penalty: Fine not exceeding 20 penalty units.

18. Fire extinguishers

(1) In this regulation –

AS 2444-2001 means the Australian Standard AS 2444-2001 entitled “Portable fire extinguishers and fire blankets – selection and location” issued and published by Standards Australia, as

amended or substituted from time to time;

AS 1851-2005 means the Australian Standard AS 1851-2005 entitled “Maintenance of fire protection systems and equipment” issued and published by Standards Australia, as amended or substituted from time to time.

- (2) The responsible operator of a wheelchair-accessible taxi licence must ensure that the taxi is fitted with a fire extinguisher selected and located in accordance with AS 2444-2001.

Penalty: Fine not exceeding 10 penalty units.

- (3) If a vehicle used or intended to be used as a taxi has been fitted with a fire extinguisher, the responsible person must ensure that the fire extinguisher is maintained in accordance with AS 1851-2005.

Penalty: Fine not exceeding 10 penalty units.

Division 2 – Taximeters

19. Requirements for taximeters

A taximeter –

- (a) is to be programmed to calculate fares in accordance with the relevant fares for the taxi in which the taximeter is installed; and

Taxi Industry Regulations 2018
Statutory Rules 2018, No. 56

Part 3 – Taxi Vehicles and Equipment

r. 19

-
- (b) during a hiring period, is to correctly and prominently display figures, either continuously or at regular intervals, that indicate –
 - (i) the tariff under which the taxi is being operated; and
 - (ii) the fare at the point in time when the fare is displayed; and
 - (c) is to display the fare in Australian dollars; and
 - (d) is to increase the recorded fare in increments of not more than 10 cents; and
 - (e) is to be capable of –
 - (i) being immediately set in motion by the driver of the taxi at the commencement of a hiring period; and
 - (ii) being switched to a position so that the fare is held constant and prevented from increasing; and
 - (iii) showing the fare constantly once the hiring period is completed; and
 - (f) must not be programmed with the third tariff or fourth tariff if the taxi in which the taximeter is installed is not being operated –

- (i) under the authority of a wheelchair-accessible taxi licence; or
- (ii) under the authority of a temporary taxi licence that authorises the provision of a wheelchair-accessible taxi service; or
- (iii) as authorised by the Commission in accordance with section 93 of the Act.

20. Taximeter seals

A person must not seal a taximeter unless the person is an authorised meter adjuster.

Penalty: Fine not exceeding 10 penalty units.

20A. Responsibilities in relation to taximeters

If a taximeter installed in a vehicle that is being operated under the authority of a taxi licence has undergone a remote electronic update –

- (a) the taxi dispatch service that provides services to the vehicle; or
- (b) if the vehicle does not receive services from a taxi dispatch service, the responsible operator in relation to that taxi licence –

must notify the Commission, within 14 days of the update occurring, that evidence has been received by the service or operator, respectively, that the update has occurred in respect of the vehicle.

Penalty: Fine not exceeding 10 penalty units.

21. Requirement for taximeter to be installed in taxis

- (1) The responsible operator of a taxi licence must ensure that the vehicle that is being operated as a taxi under the authority of the licence is fitted with a taximeter that complies with these regulations.

Penalty: Fine not exceeding 10 penalty units.

- (2) The driver of a taxi must not operate the taxi –
 - (a) unless the taxi is fitted with a taximeter; or
 - (b) if the driver knows, or reasonably ought to know, that the taximeter installed in the taxi is not calculating and displaying the relevant fares for the taxi; or
 - (c) if a seal is broken on the taximeter.

Penalty: Fine not exceeding 10 penalty units.

22. Programming of taximeters

- (1) A person must not program a taximeter to calculate fares other than the relevant fares for the taxi in which the taximeter is installed.

Penalty: Fine not exceeding 20 penalty units.

- (2) A person must not program a taximeter with the third tariff or fourth tariff unless he or she is satisfied that the vehicle in which the taximeter is installed is being operated, or is intended to be operated, either –

(a) under the authority of –

(i) a wheelchair-accessible taxi licence; or

(ii) a temporary taxi licence that authorises the provision of a wheelchair-accessible taxi service; or

(b) as authorised by the Commission in accordance with section 93 of the Act.

Penalty: Fine not exceeding 20 penalty units.

23. Reprogramming of taximeters

If a taximeter installed in a vehicle that is used or intended for use as a taxi is reprogrammed physically, the responsible person must submit, within 14 days after the taximeter has been reprogrammed, the taximeter to an authorised

meter adjuster for testing in accordance with regulation 65.

Penalty: Fine not exceeding 10 penalty units.

24. Installation of taximeters in vehicles

- (1) A taximeter is to be installed and illuminated so that the display can be seen readily by all forward-facing occupants of the vehicle.
- (2) A taximeter is to be installed so that –
 - (a) the taximeter does not degrade the energy absorption requirements of instrument panels designed to meet the requirements of ADR 21; and
 - (b) the taximeter does not interfere with the operation of other equipment installed in the vehicle; and
 - (c) the controls of the taximeter are accessible to the driver when seated in the normal seating position; and
 - (d) the taximeter is protected against any external source, including fluctuations in its electricity supply and electromagnetic radiation and magnetic fields, that may result in an inaccurate taximeter reading; and
 - (e) the controls of the taximeter are located in a place that is unlikely to annoy a passenger in the vehicle; and

- (f) the taximeter is unlikely to cause injury to an occupant of the vehicle –
 - (i) during normal operation of the vehicle; or
 - (ii) in the event of severe acceleration or deceleration; or
 - (iii) if there is an accident involving the vehicle.

25. Requirement to test taximeters

- (1) The Commission or an authorised officer may require a person to produce, at any time and place that the Commission or authorised officer directs, a vehicle in which a taximeter is installed, for the purpose of inspecting the taximeter.
- (2) The Commission or an authorised officer may require a person to present to an authorised meter adjuster, at any time and place that the Commission or authorised officer directs, a vehicle in which a taximeter is installed, for the purpose of testing the taximeter in accordance with regulation 65.
- (3) A person must produce, or present, a vehicle as required under this regulation within the time limit specified by the Commission or authorised officer.

Penalty: Fine not exceeding 10 penalty units.

-
- (4) An authorised meter adjuster who has tested a taximeter in accordance with this regulation must provide, to the person required to present the vehicle under subregulation (2), a test certificate relating to the testing of the taximeter.

Penalty: Fine not exceeding 10 penalty units.

- (5) An authorised meter adjuster who issues a person with a test certificate must provide a copy of the certificate to the Commission within 14 days after the testing of the taximeter.

Penalty: Fine not exceeding 10 penalty units.

- (6)

26. Evidence of testing to be provided

If requested to do so by the Commission, the responsible operator of a taxi licence must provide to the Commission, within 14 days after receiving the request, the most recent evidence of testing of a taximeter installed in a vehicle that is being operated under the authority of the taxi licence.

Penalty: Fine not exceeding 10 penalty units.

27. Operation of taximeters

- (1) Subject to subregulation (2), if a taxi is hired for the carriage of passengers, the driver must –

- (a) at the commencement of the hiring period and not before, start the taximeter; and
- (b) immediately at the conclusion of the hiring period, stop the taximeter or operate it to hold the reading constant.

Penalty: Fine not exceeding 10 penalty units.

- (2) Subregulation (1) does not apply to a vehicle that is being used to provide a restricted hire vehicle service under the Act.

28. Interference with taximeters

- (1) A person must not interfere, or cause or permit another person to interfere, with a taximeter installed in a vehicle.

Penalty: Fine not exceeding 10 penalty units.

- (2) The responsible operator of a taxi licence must ensure that any device or system installed in a vehicle, or any modification made to a vehicle, that is being operated as a taxi under the authority of the licence does not –
 - (a) interfere with the operation of the taximeter installed in the vehicle; or
 - (b) enable the normal operation of the taximeter to be overridden.

Penalty: Fine not exceeding 10 penalty units.

- (3) A person must not operate a taxi that is modified or fitted with a device or system that –
- (a) interferes with the operation of the taximeter installed in the taxi; or
 - (b) enables the normal operation of the taximeter to be overridden.

Penalty: Fine not exceeding 10 penalty units.

Division 3 – Signs, lights and communication devices

29. Taxi roof signs

- (1) A vehicle used or intended for use as a taxi is to be fitted with a roof sign that –
- (a) is affixed to the exterior roof of the vehicle; and
 - (b) has at least one enclosed light that –
 - (i) is capable of showing white light towards the front of the vehicle, in the hours between sunset and sunrise, when the taximeter is not operating; and
 - (ii) does not show any white light towards the rear of the vehicle at any time; and

r. 51

- (a) notify, in writing, the Commission of the damage; and
 - (b) return the damaged licence number plate to the Commission.
- (4) If a licence number plate is lost, the responsible operator of the taxi licence in respect of which the licence number plate was issued must notify the Commission of the loss, in writing, as soon as practicable after the responsible operator discovers the loss.

Penalty: Fine not exceeding 5 penalty units.

- (5) If the owner of a perpetual taxi licence notifies the Commission of the loss of a licence number plate under subregulation (6), the responsible operator of the perpetual taxi licence in respect of which the licence number plate was issued is taken to have satisfied the requirements in subregulation (4) for that licence number plate.
- (6) If a licence number plate issued in respect of a perpetual taxi licence is lost, the owner of the perpetual taxi licence in respect of which the licence number plate was issued may notify the Commission of the loss, in writing, as soon as practicable after the owner discovers the loss.
- (7) The Commission may request the responsible operator, who notified the Commission under subregulation (4), or the owner of a perpetual taxi licence, who notified the Commission under subregulation (6), to provide to the Commission, within a period specified by the Commission,

any evidence that the Commission requires to satisfy the Commission of the loss.

- (8) A person to whom a request is made under subregulation (7) must comply with that request within the period specified by the Commission.

Penalty: Fine not exceeding 5 penalty units.

- (9) A licence number plate returned to the Commission under subregulation (1) or (3), or notified as lost under subregulation (4) or (6), is void.
- (10) The Commission is to cancel a licence number plate that is void under subregulation (9).

52. Replacement licence number plates

- (1) If the responsible operator of an owner-operator taxi licence, a wheelchair-accessible taxi licence or a temporary taxi licence returns a licence number plate to the Commission under regulation 51(1), or notifies the Commission that a licence number plate is lost under regulation 51(4), the responsible operator may apply to the Commission for a replacement licence number plate.
- (2) If the responsible operator of a perpetual taxi licence returns a licence number plate to the Commission under regulation 51(1), or notifies the Commission that a licence number plate is lost under regulation 51(4), the responsible operator or the owner of the perpetual taxi

licence may apply to the Commission for a replacement licence number plate.

- (3) If the owner of a perpetual taxi licence returns a licence number plate to the Commission under regulation 51(3), or notifies the Commission that a licence number plate is lost under regulation 51(6), the owner or the responsible operator of the perpetual taxi licence may apply for a replacement licence number plate.
- (4) An application for a replacement number plate is to be –
 - (a) in writing; and
 - (b) in a form approved by the Commission.
- (5) On receipt of the application for a replacement licence number plate and payment of a fee of 18 fee units, the Commission may issue, to the person who made the application, a replacement licence number plate –
 - (a) with the same number as the licence number plate being replaced; or
 - (b) with a different number from the licence number plate being replaced.

53. Issue of labels

- (1) The Commission may issue a label to the responsible operator of a taxi licence.
- (2) On issuing a label, the Commission is to provide the responsible operator of the taxi licence to

whom the label was issued with written instructions on how the label is to be affixed to the vehicle used to provide the taxi service under the authority of the taxi licence.

- (3) A label remains the property of the Commission and is issued in addition to, or in substitution for, any other label or form of identification issued by the Commission under the Act or these regulations.
- (4) The Commission may request a person to whom a label was issued to return the label to the Commission within a period specified by the Commission.
- (5) A person to whom a request under subregulation (4) is made must comply with the request within the period specified by the Commission.

Penalty: Fine not exceeding 5 penalty units.

54. Obligation to display labels

- (1) The responsible operator of a taxi licence to whom a label is issued under regulation 53 must ensure that –
 - (a) the label is affixed as instructed under regulation 53(2) to the vehicle used to provide the taxi service under the authority of the taxi licence; and

- (b) while the vehicle is being operated as a taxi, the label remains affixed as instructed under regulation 53(2).

Penalty: Fine not exceeding 5 penalty units.

- (2) The Commission may instruct the responsible operator of a taxi licence to remove a label from the vehicle used to provide the taxi service under the licence if the Commission considers it appropriate to do so.
- (3) The responsible operator of a taxi licence must comply with an instruction given to the responsible operator by the Commission under subregulation (2).

Penalty: Fine not exceeding 5 penalty units.

55. Obligation to display temporary taxi licence labels

- (1) If a temporary taxi licence is issued under section 58 of the Act, the Commission is to issue a label –
 - (a) in the form that the Commission determines; and
 - (b) that states the expiry date of the temporary taxi licence.
- (2) The holder of the temporary taxi licence issued with a label under this regulation must ensure that the label –
 - (a) is affixed in a conspicuous position on the dashboard of the passenger side of

the taxi being operated under the authority of the licence; and

- (b) remains so affixed while the vehicle is being operated as a taxi under the authority of the licence.

Penalty: Fine not exceeding 5 penalty units.

- (3) The holder of a temporary taxi licence must remove a label affixed under subregulation (2) immediately after the expiry of the licence.

Penalty: Fine not exceeding 5 penalty units.

56. Lost or damaged labels

- (1) If a label issued under this Division is lost or damaged to the extent that it is unusable, the person to whom the label was issued must notify the Commission in writing as soon as practicable after the person discovers the loss or damage.

Penalty: Fine not exceeding 5 penalty units.

- (2) The Commission may request, in writing, the person who notified the Commission under subregulation (1) to provide the Commission with any evidence that the Commission requires, within a period specified by the Commission, to satisfy the Commission of the loss or damage.

- (3) A person to whom a request is made under subregulation (2) must comply with that request within the period specified by the Commission.

Penalty: Fine not exceeding 5 penalty units.

operated, or it is intended that it be operated, either –

- (a) under the authority of –
 - (i) a wheelchair-accessible taxi licence; or
 - (ii) a temporary taxi licence that authorises the provision of a wheelchair-accessible taxi service; or
- (b) as authorised by the Commission in accordance with section 93 of the Act.

Penalty: Fine not exceeding 20 penalty units.

- (3) An authorised meter adjuster who has tested a taximeter and found that the taximeter complies with these regulations must seal the taximeter –
 - (a) with a tamperproof seal; and
 - (b) in such a manner as to prevent any physical interference with the internal workings of the taximeter without the seal being broken.

Penalty: Fine not exceeding 10 penalty units.

- (4) If a taximeter that is unable to undergo a remote electronic update would be able to be electronically interfered with without breaking a tamperproof seal once the seal was affixed, the authorised meter adjuster must –

-
- (a) ensure that the taximeter has an electronic seal affixed to the taximeter; and
 - (b) once satisfied of paragraph (a), seal the taximeter with a tamperproof seal.

Penalty: Fine not exceeding 10 penalty units.

- (5) An authorised meter adjuster who has sealed a taximeter in accordance with these regulations must provide to the responsible person a sealing certificate in respect of the sealing of the taximeter.

Penalty: Fine not exceeding 10 penalty units.

- (6) An authorised meter adjuster who issues a person with a sealing certificate must provide a copy of the certificate to the Commission within 30 days after the sealing of the taximeter.

Penalty: Fine not exceeding 10 penalty units.

- (7)

67. Records to be kept by authorised meter adjusters

- (1) An authorised meter adjuster must –
 - (a) make a written record, in accordance with subregulation (2), of each taximeter that he or she seals as soon as practicable after so sealing the taximeter; and
 - (b) keep the record for a period of at least 5 years after the record is made.

SCHEDULE 1 – VEHICLE SPECIFICATIONS

Regulation 15

1. The following vehicle specifications apply to a taxi that is not a wheelchair-accessible taxi, remote area wheelchair-accessible taxi or substitute wheelchair-accessible taxi:
 - (a) the vehicle must –
 - (i) not have more than 12 seats; and
 - (ii) be designed and constructed primarily for the purpose of carrying passengers;
 - (b) the vehicle must have an access door provided adjacent to each outboard seating position.

**SCHEDULE 2 – SECURITY CAMERA SYSTEM
INSTALLATION**

Regulation 37

PART 1 – GENERAL

1. Interpretation

(1) In this Schedule –

rear-vision camera means an internal camera that is positioned above the internal rear-vision mirror in a taxi.

(2) A word or phrase used in this Schedule but not defined in it has the same meaning as it has for the purposes of Division 4 of Part 3.

PART 2 – INSTALLATION

1. Installation of security camera system

(1) A security camera system must be installed in accordance with the manufacturer's instructions.

(2) A security camera system includes all cameras installed in the vehicle and must include at least one rear-vision camera.

(3) All cameras must be mounted in such a manner as to prevent misalignment of the field of view, except in the case of a vehicle accident or other severe impact.

sch. 2

- (4) The cameras and all system components must be installed in a manner that does not interfere with the driver's vision or view of mirrors, or with other normal operations of the vehicle.
- (5) Apart from an internal camera referred to in clause 3, all internal components of the security camera system must be concealed.

2. Rear-vision camera

- (1) The rear-vision camera must provide a clear view of the taxi driver and all seated passengers.
- (2) The rear-vision camera must be able to capture all occupants of the vehicle in any image taken by the camera.

3. Internal camera

An internal camera must be readily visible to all vehicle occupants.

4. External camera

- (1) The first external camera, if at least one is installed, should be positioned to provide a view of a person standing at the window of the driver's door.
- (2) An external camera, if fitted, may be concealed or not identifiable to persons outside the vehicle.

5. Additional cameras

Internal and external cameras additional to the rear-vision camera may be fitted to the vehicle, but the additional cameras –

- (a) must be at least the same standard in all aspects as the rear-vision camera; and
- (b) must be fitted in accordance with this Part.

6. Interference of security camera system

- (1) The installation of the security camera system must not affect the compliance of the vehicle with the *Vehicle and Traffic Act 1999*.
- (2) The security camera system must not inappropriately interfere with another system on board the vehicle and must itself not be affected by any other source of interference likely to be encountered in the vehicle.

7. Testing and downloading

- (1) The security camera system must be installed in a manner that enables the system to be easily tested to ensure that all features are operating and that images are being recorded as required under these regulations.
- (2) The security camera system must be installed in a manner that enables the easy download of video recordings from the camera system.
