4. Meaning of *nursing-home-type patient*

- (1) For the purposes of these regulations, a person is a nursing-home-type patient on a day if he or she is in a public hospital being provided with accommodation and nursing care on that day and the day is a chargeable day.
- (2) For the purposes of subregulation (1), a person is in a public hospital being provided with accommodation and nursing care on a day that is a chargeable day if he or she is a patient in a public hospital being provided with accommodation and nursing care on that day and the day –
 - (a) occurs in a continuous period of more than 35 days in which the patient is in a hospital being provided with accommodation and nursing care; and
 - (b) is not a day in the first 35 days of that continuous period; and
 - (c) is not a day to which relates a certificate from a medical practitioner to the effect that the patient is in need of acute care.
- (3) For the purpose of ascertaining whether a patient is in a public hospital being provided with accommodation and nursing care on a day that occurs in a continuous period, there is to be taken into account –

Health (Fees) Regulations 2017
Statutory Rules 2017, No. 67

r. 4

- (a) any period, during which that patient was provided with accommodation and nursing care as a patient in that hospital, or in another hospital, that occurs before that day and that forms one continuous period with that day; or
 - (b) if there are 2 or more periods, during which that patient was provided with accommodation and nursing care as a patient in that hospital, or in another hospital, that occur before that day and that form one continuous period with one another and with that day – those earlier periods.
- (4) For the purposes of subregulation (3)(a) and (b), 2 periods –
- (a) that are periods during which a patient is provided with accommodation and nursing care as a patient in a hospital (whether or not the same hospital); and
 - (b) that are separated from each other by a period of not more than 7 days during which the patient was not provided with accommodation and nursing care as a patient in any hospital –

are to be taken to form one continuous period with one another.

5. Fees for non-nursing-home-type patients

- (1) The fees specified in Parts 1, 2 and 4 of Schedule 1 are prescribed as the fees payable by or on behalf of a person for hospital services provided to the person in a public hospital on a day on which the person is not a nursing-home-type patient.
- (2) The fees specified in Part 3 of Schedule 1 are prescribed as the fees payable by or on behalf of a person for pharmaceutical items supplied to the person in a public hospital on a day on which the person is not a nursing-home-type patient.

6. Fees for nursing-home-type patients

The fees specified in Schedule 2 are prescribed as the fees payable by or on behalf of a patient for hospital services provided in a public hospital to the patient on a day on which the patient is a nursing-home-type patient.

7. Fees for surgically implanted prostheses
